F1 Columbaria Addition
1" = 30'-0"

F8 Site Plan - Bloomington Cemetery
1" = 165'-0"

A1 Columbaria Foundation - Section
1/2" = 1'-0"

C11 Location Map
1/2" = 1'-0"

General Notes:

The Contractor is responsible for providing the necessary protection of existing building and all personnel as specified including safety, dirt, air quality, and noise control at existing building.

The General Contractor shall determine all quantities to be provided, relocated, or removed.

The General Contractor shall be responsible for field verification of all dimensions and conditions pertaining to building construction. Any difference found to exist between existing conditions and the drawings shall be reported to the Architect.

All Contractors shall become familiar with the existing site conditions and existing building which will be demolished.

A preconstruction meeting shall be held with the Contractor, Owner and Architect before any construction starts.

Masonry

All concrete block to have concave locked joints, unless specifically noted otherwise, including non-recessed block such as below grade, within cavity walls, under driveway, etc.

Structure

All structural details, beams, columns, reinforcing, footings, etc., indicated on Structural drawings.

All dimensions shown on small scale drawings (less than or equal to 1/2"=1'-0") are nominal representing actual dimensions rounded up to the nearest unit. When standard construction tolerances, Contractor to evenly distribute difference between actual and nominal dimensions between items dimensioned.
